2007 Spring Baby Update

Jingles, bull calf, is available for purchase. Thumper and Emma are sold.

Cupid with Jingles, born May 10, 14 lb bull calf

Comet and Thumper, born April 25, 16 lb heifer calf

Dancer with Emma, born April 25, 16 lb heifer calf

Moe-Moe, our barn cat, watches over baby Jingles in his stall.

Jingles is now 6 weeks old. He is an adorable bull calf, a very content little man. He drinks three bottles a day. After each bottle, he likes to snuggle on my lap and suck on my fingers. Jingles is halter trained. He goes for walks to the mailbox. In my opinion, steers are the best reindeer pets! Call us if you want to give Jingles a new home.
